

LUIS FARIA

lpedrosf02@gmail.com | 07543218752

Summary

A pro-active, solution-oriented junior software developer with over 5 years' experience across multiple languages, sought for the development of responsive, multi-platform, and performant applications. Quick to adapt and learn new technologies in the ever-changing tech landscape.

Experience

My Portfolio

March 2023 – Onward

Check my portfolio at luisfaria.co.uk for a showcase of my projects, where I continually work on new initiatives to enhance my portfolio and experience.

Frontend Developer Bootcamp Frontend Simplified

June 2022 – March 2023

Through this course, I expanded my knowledge of HTML, JavaScript, CSS, and React and learned useful techniques such as Flexbox to keep a website responsive, and accessible from multiple devices. I also learned JavaScript and how to implement it to the website to make the websites more interactive as well as using JavaScript to access data from an API.

Hard Skills

- | | |
|--|--|
| <ul style="list-style-type: none">• Java• HTML• CSS• JavaScript• React• C++ | <ul style="list-style-type: none">• Python• Pygame• SQL• Git• Firebase |
|--|--|

Soft Skills

- | | |
|---|--|
| <ul style="list-style-type: none">• Strong performance in both independent and team environments.• Effective interpersonal and communication skills. | <ul style="list-style-type: none">• Adaptability to new tasks and frameworks.• Analytical approach to problem-solving• Attention to details. |
